Opening of the „Institut für Radiumforschung“
by Erzherzog Rainer in 1910

100th Anniversary Institut für Radiumforschung

November 8th, 2010
Austrian Academy of Sciences
1010 Vienna, Sonnenfelsgasse 19, Theatersaal 1st floor

Program

- 10:00** Opening (*H. Denk, President of the Austrian Academy of Sciences*)
Welcome Addresses
- 10:30 - 11:30** Talks on History of Science
Nuclear Science in Austria before World War II (*S. Fengler*)
Nuclear Physics in Austria after World War II (*C. Forstner*)
- 11:30** Scientific Highlights of the Radium Institute (*W. Kutschera*)
- 12:00 - 14:00** **Lunch Break**
-
- 14:00** From radioactivity research to modern subatomic Physics (*P. Kienle*)
- 14:30** Exotic atoms and nuclei with π and K mesons (*T. Yamazaki*)
- 15:00** QCD Studies with PANDA at FAIR (*U. Wiedner*)
- 15:30 - 15:50** **Coffee Break**
- 15:50** Precision experiments - impact for subatomic physics (*K. Jungmann*)
- 16:20** Cosmic ray research from Hess to large area experiments (*J. Cronin*)
- 17:00** **Reception**
